CITY OF CAMPBELL PROCLAIMS LOCAL EMERGENCY REGARDING COVID-19

Campbell, California – Today, City Manager Brian Loventhal issued a Proclamation of Local Emergency for the City of Campbell related to the Coronavirus Disease 2019 (COVID-19) outbreak.

The City of Campbell continues to work closely with our partnering agencies to monitor how COVID-19 is impacting our community. The departments within the City are proactively taking steps to prioritize the health and safety of our employees and the community.

“Appropriate response to this issue is requiring an increasing amount of staff time and other City resources,” stated by Loventhal. “This proclamation empowers the City to respond to these most recent developments with more resources and potentially obtain state and federal reimbursement.”

The proclamation will be presented to City Council for ratification at its regularly scheduled meeting on March 17, 2020.

Mayor Susan M. Landry said, “We understand this issue impacts businesses, residents, and visitors. As the City continues to respond, I support the City Manager’s decision to proclaim a local emergency in Campbell.”
